2013-08-11

## Messerschmitt Bf 109 Mock-Up

A full-scale mock-up of the aircraft that has been referred to as, “the backbone of the Luftwaffe’s fighter force” was rolled into our North Hangar on Saturday evening. The majority of Bomber Command’s losses were to the enemy’s fighter force and the Bf 109 played a major role.

Our Bf 109 mock-up will significantly enhance our ability to tell the story of Bomber Command. It was built by Lech Lebedowski of Edmonton.
