

A BOMBER COMMAND MUSEUM OF CANADA BULLETIN

2014-03-10

GETTING READY FOR SPRING

Merrill and John inspect one of the Lancaster's #2 Merlin cylinder heads. All of the valve guides were replaced by Vintage V-12's in California. It's just six weeks until our first engine runs of the year.

MAJOR UPGRADES TO OUR MUSEUM DISPLAY

Regular museum visitors will notice some twenty new display panels after a major project this winter to upgrade our displays. Above is our much-improved Prisoner of War display.

REARRANGING AIRCRAFT

When a good weekend comes along (hopefully prior to mid-April) we'll be rolling the Lancaster and Blenheim outside so we can shuffle some displays and place our Me 109 on display. This mock-up and associated signage will be an eye-catching new exhibit to help tell the story of Bomber Command.

MOSQUITO PEOPLE

The presence at the museum each Saturday of Calgary Mosquito Society personnel is great to see. If you're able to visit on a Saturday, ask one of our volunteers to take you into the north hangar to see what they're doing.

SUMMER EVENTS

Visit www.bombercommandmuseum.ca regularly as planning progresses for our summer events. The first will be a night run on April 25th followed by a Salute to the Ninetieth Anniversary of the RCAF on Saturday the 26th.
