A BOMBER COMMAND MUSEUM OF CANADA BULLETIN

BIKES AND BOMBERS -Saturday, July 9th

Always a great day to visit the museum -Lancaster engine runs at 11 and 2.
Lunch will be available on-site.

LANCASTER FUSELAGE TOURS -Now available again

Thanks to a huge effort by Greg and Brian, repairs to the rear fuselage floor have been completed and the interior of our Lancaster will once again be accessible to visitors beginning on Saturday.

A self-guiding hand-out will point out 17 components to look for during your tour including recently installed ammunition tracks. Access to the cockpit continues to be restricted to special event days.

HALIFAX HR871 RECOVERY PROJECT IN SWEDEN

Our diving team has spent several days on the site this summer, mapping the locations of major components and removing some of the sand. Although the aircraft clearly hit the water hard, we are encouraged by the lack of corrosion.

Additional information:

ON THE ROAD WITH THE BRISTOL HERCULES ENGINE

Our big, round engine was a highlight at 408 Sqn's 75th Reunion in Edmonton together with our giant RCAF flag, turret trailer, and numerous 408 Sqn related artifacts.

Then off to Granum for their Canada Day Parade and livening up their "Show and Shine."

This week it's heading to Kamloops to be featured at 419 Sqn's special event there.

JOE ENGLISH MEMORIAL FLY-IN -Saturday, July 23rd

Now an every-other-year event, museum supporters are welcome to attend, with or without an aircraft.
